

Priyanshu Gupta

Student(2nd Year)

priyanshu.gupta2008@gmail.com

8126822316

Vellore, India

linkedin.com/in/priyanshu-gupta-07b802173

github.com/priyanshu2015

SKILLS

Leadership

Problem Solving

Coding with
python, Java, C, C++

Strategic Planning

Communication Skills

AI Deep Learning

ML HTML CSS

Data Structures
and Algorithms

Node.js JS

mongoDB

INTERESTS

Coding

Machine Learning

Neural Networks

Artificial Intelligence

Web Development

EDUCATION

10th Standard

Delhi Public School Ranipur Haridwar

2016

Passed with 10 CGPA

12th Standard

Delhi Public School Ranipur Haridwar

2018

Percentage:93.8%

B.Tech(Information Technology)

Vellore Institute Of Technology

07/2018 – Present

CGPA(current):8.88

WORK EXPERIENCE

Artificial Intelligence Internship Programme

IIT Roorkee and Verzeo in collaboration with Microsoft

12/2019 – Present

ORGANIZATIONS

Worked at Robovitics-Robotics Club of Vit Vellore (11/2018 – 01/2020)

COURSES

Object Oriented Programming in Java (07/2019)

University of California San Diego and offered through Coursera

Neural Networks and Deep Learning (06/2019)

deeplearning.ai and offered through Coursera

PERSONAL PROJECTS

LMS(Learning Management System) Website (03/2020 – Present)

- Faculty can upload materials on it and according to using ML and NLP extractor it get some Keywords and through Web API collects all relating material from youtube, github, google scholar

Face Recognition Attendance System

- Using OpenCV and Machine Learning

Online Marketing Bot For Making Calls to Customers

- Application of Text to Speech using API(gTTS)

Determining Toxic Sentences from a Kaggle Dataset

- Using LSTM Neural Network to train the Model

Profile-Website

- Using html, CSS, javascript, angular js, Node js, Mongo DB

Image Classifier

- Using CNN

Mnist Classifier

- Based on Deep learning and Neural Networks
